The economic benefits of preserves, trails, and conserved open spaces in the 1000 Islands region

At least
10% of visitors
to the 1000 Islands region come primarily to visit
preserves, trails, and conserved open spaces

Preserves, trails, and conserved open spaces increase
the value of nearby homes by $55.9 million
and increase property tax revenues by $684,000 per year

Spending by residents and tourists support
48 sporting goods stores
$98.9 million in sales a year
308 jobs

Tourism accounts for $379 million per year in visitor spending
